

#5038

OPEN GEAR LUBRICANT

MAXIMUM LUBRICATION - MAXIMUM PROTECTION

- **New Clear Formulation**
- **Heavy Duty**
- **Non-Staining**
- **Thicker & Tackier
To Last Longer**
- **Extends the Life
Of Open Gears**
- **Withstands Moisture
And Pressure**
- **Prevents Rust & Corrosion**
- **Re-lubricates Parts
As They Move**
- **Formulated with PTFE
For Superior Lubrication**

#5038 Open Gear Lubricant is the one product that thoroughly coats, lubricates, & protects open gears from friction, rust, corrosion, moisture & pressure. Open Gear Lube is formulated with penetrating agents, PTFE, specialty lubricants, & tacking agents. It penetrates, sets up into a gel & continues to re-lubricate parts as they move.

#5038 OPEN GEAR LUBRICANT IS RECOMMENDED FOR:

Construction Equipment Food Processing Cranes Hoists Bearings
Street Cleaning Equipment Textile Machinery Wheels Cables Winches
Water & Saltwater Uses: Outdoors Sewage Marine Snow Removal Equip.
